My dear Mrs. Manley:

I have made some inquiries in this matter of booking your baseball team for Detroit but I find that the man by the name of John Williams who connected with the Pittsburgh Courier in this city has all of the good dates taken for Briggs Stadium.

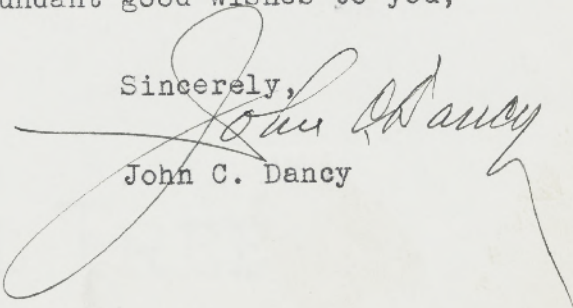

It might be well for you to write directly to Mr. John R. Williams, Pittsburgh Courier, 1926 St. Antoine Street, Detroit; and it is likely that he can book your team for the stadium on some of the dates which you suggested to me as being open.

It is perhaps just as well too that I not become involved in baseball since it is a fact that all of the time that I have is already consumed. While I would like to earn additional sums of money, it would be impossible for me to undertake anything else.

With abundant good wishes to you,

I am

Sincerely,

John C. Dancy
